## *Lake Naivasha Sopa Lodge*

Naivasha is a Masai name given to the area, denoting the characteristics of the lake.

21 cottages are built in a crescent shape, and each has four rooms, totaling 80 standard rooms and Two suites. Two of these rooms are suitable for the physically challenged. Six of the 21 cottages have interconnecting rooms on the ground floor.

Rock gardens feature vibrantly coloured flowers, which give a beautiful contrast to the greenery of the well-manicured lawns. Monkeys play on the lawns and different species of birds chip in the trees. Pathways wind between the open lawns and frangipanis, with aloes and proteas growing in abundance. The acacia trees are plentiful in this area and provide welcome shade. The stone exterior walls of the cottages are carried into the rooms. Ground-floor rooms have two queen-size beds and a sunken living room at the front, which opens out on to the beautifully manicured lawns.

## *Mara Leisure Camp*

Set in what is considered Kenya's prime wildlife area, Mara Leisure Camp is located along the Talek River, at the confluence of the Masai Mara's four wildlife viewing areas, on the northern boundary of the Masai Mara Game Reserve. Mara Leisure Camp is located within one of the most spectacular locations in the entire Masai Mara Game Reserve.

One of the most exciting spectacles in the world is that of the 'Great Migration', where two million wildebeest, zebras and other herbivores pass through the Masai Mara/Serengeti ecosystem in Kenya and Tanzania. This is a perilous migration for the animals, where they encounter many river crossings, and have to run the gauntlet of crocodiles in waiting.
