

## IF arrive in Melbourne Avalon airport

Updated: 11 FEB 2020

There is currently only Skybus City Express servicing the Avalon route and they are not a door to door service. The pax has to take the airport bus and will be sent to Southern Cross Station (Skybus Express Airport Transfer Hub) in the city, they will then have to switch over to a hotel shuttle from there. The hotel shuttles is an extra step compared to normal transfers, so please ensure that your customers understand that. Skybus Link shuttle does not drop off at all hotels, there are 12 drop off points around the Melbourne's city so there will most likely be a short walk to the hotel from the drop off point.

Please refer the tariff in **BLUE wording** for the info if arrive in Melbourne Avalon airport.

The service operates 7 days a week from 06:30 to 19:30.
